The book also celebrates community, creativity and “the beautiful chaos of a city built on music, meals and moments shared.” Buck Niehoff’s book *Tarbell* gives this description: Everyone in Cincinnati knows Jim Tarbell. He is the city’s most beloved merrymaker. He has produced concerts with the biggest stars; organized extravagant galas and celebrations; welcomed with open arms customers to his restaurants, Arnold’s and Grammer’s; and spent his career on city council talking to folks on the street. But he is much more. He is a dedicated urban pioneer who understands what is necessary to make cities exciting places to live. Using his talent at bringing people together, he helped to transform Cincinnati’s historic Over-the Rhine neighborhood from a slum to a thriving community. He has proven that with hard work and commitment one person can make a difference. Please join us in celebrating Jim Tarbell this evening.
